

On May 12th, Author and Astronomer David Aguilar will be at Willow Glen Elementary!

David Aguilar, author of *Planets, Stars, and Galaxies*, is the Director of Science Information at the Harvard-Smithsonian Center for Astrophysics in Cambridge, Massachusetts. Previously, he was the Director of the Fiske Planetarium and Science Center at the University of Colorado. He is an accomplished astronomy illustrator and an experienced educator with an enormous enthusiasm for bringing science to children.

On May 12th at 1:45, 2nd-4th Graders will have the opportunity to attend David Aguilar's presentation of his latest book, *Super Stars: The Biggest, Hottest, Brightest and Most Explosive Stars in the Milky Way*.

Additionally, students may purchase a book and have it signed by Mr. Aguilar. Both of his books will be available at a cost of \$17 (including tax).
